Blue: Stop trying to get yourself killed before you can finish the book.
me: I'm not going to be killed by the magical Zetas
Blue: dude, you live in Texas
me: tell Gregg to get a notebook and keep it on him like I told him
Blue: it's not like they even have to go out of their way
me: he needs to be jotting down notes on incidents that come to mind throughout the day, as there's no way of ensuring we get all those by me asking questions, etc
me: and we're going to need that stuff since we're going the half-and-half route
Blue: I'll remind him
me: the Zetas specialize in killing unarmed civilians in Mexico, not armed psychos in Dallas
Blue: is there anything I can do to help?
me: nope, just make sure that Gregg gets a notebook and uses it
me: that's the one thing I need him to do right now to ensure that this book comes off and that we get a film deal
